

## **Emily Chee**

### **Personal Background and Board Experience**

I have been a member of the Floreat Park Primary School School Board since May 2016 and I have been endorsed by the Board to be the Chair for Term 1, 2019. During my tenure on the Board I have been actively involved in the Independent School Review conducted in 2017 and the development and implementation of the current Business Plan. For the past 12 months I have been the Board Secretary.

I have two daughters who attend FPPS and they are currently in Year 2 and Pre-Primary.

### **Professional Background**

I have extensive professional experience as an Event Manager for a Professional Conference Organisation. In this role I manage and actively participate in different committees across a number of professional sectors (including law, engineering, medical, aged care

and education).

In the past I have been the President and Treasurer of the Loftus Community Centre, providing strategic support and management advice to the Centre Manager and other Committee members.

In these and other roles, it has been essential to effectively build strong working relationships with clients, suppliers and other staff members. I am skilled at building a productive and cohesive environment where stakeholders receive a smoothly managed conference experience with a successful financial outcome.

I believe my honest, professional and approachable interpersonal skills with the ability to work flexibly under pressure will assist me in continuing adding value to the School Board.

### **Motivation for Board Membership**

I believe in offering our children the best possible learning environment and supporting the school in achieving this goal. I feel fortunate that my family and I have had the opportunity to be involved in a positive school community and therefore I am re-nominating for the FPPS Board.
