

Candidate profile for FPPS Board nomination – 2019

Natalie Dimmock

As the mother of a child about to commence her schooling journey at kindy in 2019, I am very keen to contribute my skills and experience to the Board of Floreat Park Primary School. I believe that I am well placed to do so as I:

1. have Board experience – I currently sit on two Boards, one a WA university and the other a regulatory authority;
2. am a lawyer and a director of a local law firm; and
3. have qualifications in psychology and mediation as well as the requisite law degree.

I am a strong believer in education and the importance of children having a good experience in a school setting them up to be life-long learners. I would love to actively contribute towards the school's ongoing success in the community.
